

SPINACH - SLICED**1. Product Description**

Product has leaves cut cross ways against the stem. The product is a mixture of cut leaf, and cut stem pieces.
Available sizes of cut are
5. 6mm
12mm
Product of Australia

2. Physical Specifications

Typical look and smell of freshly cut spinach. There may be a faint odour of chlorine which is used to clean the spinach prior to cutting. The diameter of the stems is not controlled and varies between 5mm and 30mm, and is determined by season. The length of the cross cut pieces is determined by the width of the leaf at that point.
